

Position: Systems Software Developer (NEW POSITION!)

Requisition ID: 123143

Location: IT, Roseville, CA

Pay: TBD

PRIDE Industries is a fast paced company with a mission: To Create Jobs for People with Disabilities while providing high quality, value-added solutions to our nationwide customers. We are currently seeking a Systems Software Developer to join our outstanding team at our headquarters in Roseville, CA.

This position designs, develops and maintains application source code for business systems, interfaces and business intelligence reporting. This will include evaluating functional design documentation, development of technical design documentation, and development of programs that will be used to support the business operations and data needs of PRIDE Industries and our customers. A background in web and database system concepts, standards, design features and analytical techniques with the ability to write, test, debug and maintain client/application systems and program code is required.

Responsibilities and qualifications for this position include but may not be limited to the following:

Must have:

- C#, SQL and .Net Framework
- Education, knowledge and/or experience with Microsoft applications such as SharePoint, SSAS, SSRS, BizTalk, Visual Studio and SQL
- Education and/or experience in development of XSLT, SPSS, MDX, TSQL, HTML, XML, XSL and XSLT
- Experience with MS Business Intelligence stack (SQL, Analysis Services, SSRS, OLAP, ETL, Excel Services, etc.)
- Knowledge of various software development methodologies
- Collaborate with team members to resolve design and quality issues
- Able to work on multiple projects with minimal supervision.
- Design, develop and write new code and review and modify existing code
- Write software design document (SDD) and technical specifications
- Design and maintain relational database systems
- Bachelor degree in computer science or relevant experience
- Perform other duties and special projects as needed

Desirable:

- ERP (BAAN/LN) experience
- Microsoft Certification
- Experience in financial applications
- Linux, Apache, MYSQL, PHP (LAMP), JavaScript and AJAX
- Experience in business systems implementations

The qualified candidate will have excellent communication and interpersonal skills necessary to interface well with clients, departments heads and to work well in a team-oriented environment. Strong organizational skills with the ability to multitask, adapt to changing priorities and be self-motivated is essential.

PRIDE Industries provides outstanding benefits including medical, dental and vision insurance, vacation, sick pay, 401K as well as a competitive salary.
