PRIDE Industries is a fast paced company with a mission: To Create Jobs for People with Disabilities while providing high quality, value-added solutions to our nationwide customers. We are currently seeking a Material Handler Lead to join our outstanding team.

This position oversees a variety of material handling activities including loading, unloading and moving materials among trucks, facilities or containers within a warehouse or distribution center. This includes leading staff in transferring materials and finished products according to established procedures that ensure their integrity and condition is maintained during movement and storage. Knowledge of distribution and warehousing processes and procedures the ability to operate materials moving equipment and leading a work team are required.

Duties include but may not limited to the following:

- Oversee and coordinate material handing activities
- Determine work priorities and staff assignments
- Move materials using forklift, RF Scan Gun, Pallet Ryder and other equipment
- Replenish stock to workplace from storage area
- Participates in daily scheduling meetings with other departments
- Maintain quality control of the supplies and materials
- Load/unload, sort, stock, assembly, inventory and packaging as needed
- Perform other duties and special projects as assigned

The qualified candidate will have excellent communication and interpersonal skills necessary to build and lead a team-oriented work environment and interface with inter-departmental staff. The ability to meet deadlines, multi-task and adapt to changing priorities are required. Previous experience working with people with disabilities is helpful, but not necessary.

PRIDE Industries provides a competitive salary and outstanding benefits including Medical, Dental, Vision, 401K, vacation and sick pay as well as a competitive salary. If you are interested in working for this unique organization that blends business with a social mission, please apply here and include your resume, salary requirements and references.
