a. State Incentive Managers (IM) will verify eligibility, process all CSRB written agreements and payments through the Information Management and Reporting Center (iMARC) program at <https://minuteman.ngb.army.mil>.

b. Eligible applicants will sign an extension or Officer Service Agreement (OSA) at the same time that they execute the CSRB Written Agreement agreeing to serve not less than 3 years from the effective date of the CSRB contract. The signed agreement will be authenticated by a service representative and witnessed by a commissioned officer. The agreement will not be revised or modified without HQDA approval.

#### 9. Termination and recoupment.

a. Termination with recoupment: If entitlement to an incentive is terminated for any reason before the fulfillment of the service described in the Soldiers written CSRB agreement, that Soldier will not be eligible to receive any further incentive payments, except for payments for service performed before the termination date. Unless granted relief the Soldier must refund a prorated amount to the government (or receive a final payment from the government as the case may be), if such termination is for any of the following reasons:

(1) Failure to participate satisfactorily in required training during the entire period of service agreed to, in accordance with the written agreement, unless the failure to participate satisfactorily was due to reasons beyond the control of the Soldier (i.e. death, injury, illness or other impairment).

(2) Separation from the Army National Guard (ARNG) for any reason (including transfer or voluntary order to active duty in the armed forces).

(3) Movement to a non-critical AOC unless the move is due to normal career progression (promotion) or is required by the needs of the ARNG.

(4) Acceptance of either an AGR or a Mil Tech position where membership in the ARNG is a condition of employment. This subparagraph does not apply to AGR or Mil Tech Soldiers who entered the program under paragraph 4 of this policy. Recoupment actions will not be initiated if the service member entered into contract while deployed in support of the Global War on Terror (GWOT) in the theatres of Iraq, Afghanistan or Kuwait.

b. The amount of the recoupment will be based on the following computations:

(1) The total bonus amount contracted for will be divided by 36 (for a 3 year, 36 month agreement). This will give the amount of bonus earned per whole month of participation. The result will be multiplied by the number of whole months that were actually served under the contract. That result will be what is due the soldier under the contract. That amount, when compared to the total amount the soldier is actually paid at the time the contract is terminated, will determine whether the soldier was over paid resulting in recoupment; or underpaid resulting in a final payment.

Example 1: An Officer agrees to serve for 3 years under paragraph 6 above. Total bonus payable is \$20,000.  $\$20,000/36 = \$555.55$ . This is the amount per whole month earned for participation. The Officer serves 28 whole months of the contract prior to the termination date.  $\$555.55 \times 28 = \$15,554.00$ . This is the amount earned by the Officer under the contract. As this bonus is paid 50% up front, the

Officer has received \$10,000 in actual payments. The Officer is due a final payment in the amount of \$5,554.00 upon termination.

Example 2: The Officer above is a JAG Officer and agrees to serve for 3 years under paragraph 7 above. Total bonus payable is \$30,000.  $\$30,000/36 = \$833.33$ . The Officer serves 15 whole months of the contract prior to the termination date.  $\$833.33 \times 15 = \$12,499.95$ . As this bonus is paid lump sum up

front, the Officer has received \$30,000 in actual payments. The Officer will have a recoupment process for the amount of \$17,500.05 upon termination.

10. Termination from bonus entitlement and/or recoupment does not affect the period of obligation to be served in the ARNG.

11. This implementation guidance will expire December 31, 2008.
