This is going to be such an awesome opportunity, due to the fact that I will be working out of the Wellness center, which is being renovated, with an a

the anticipation date for the grand opening in August 2012! I have already been out meeting the Boys & Girls Club and seeing what they are offering our Southern children & youth!

At Camp Fire USA's Camp Nawakwa we understand the special needs of today's military families. We realize this can be a difficult and challenging time for your children. Camp Nawakwa provides an opportunity for a child to take a break from their everyday hectic life and can give them time for self-reflection and the opportunity to explore and reconnect with nature. Camp Nawakwa is conveniently located adjacent to the outdoor recreation area known as Big Bear, CA. It sits at an elevation of 6870' - deep within the beautiful San Bernardino National Forest. During the day, the campers will go swimming in our heated pool, try wall climbing and archery, make arts & crafts and take a nature hike to nearby Jenks Lake for canoeing. At night, campers will enjoy an evening under the stars at our outdoor amphitheater. This is where they will experience the warmth of a campfire while performing skits, singing camp songs, and roasting marshmallows for s'mores. All cabins are fully enclosed and have electricity, heaters, and bunk beds. All shower houses have hot showers and flush toilets.

The camp is scheduled for July 1-7.

Camp Ronald McDonald, near Susanville, California, provides a traditional camping experience for **special needs youth ages 8-18**. The camp is fully accessible and camp counselors are trained to work with youth with a variety of special needs, from autism to physical limitations. California Operation: Military Kids is offering this camp, free of charge, to military youth, Aug. 7-14.

Registration is expected to open in early April.
